"We'll need to talk about this a lot in the days to come, as we both have more time to think about it.".He either detected their well-concealed surprise or assumed they would be curious as to why, in spite of extensive surgery, he still wore this Boris Karloff face..On Thursday, January 4, he used his John Pinchbeck identity to purchase a new Ford van with a cashier's check. He leased a private garage space in the Pinchbeck name, near the Presidio, and stored the van there..This morning, Damascus had left the house early, before Vanadium came downstairs, which was perfect for Junior's purposes. While the maniac cop was finishing his shave and shower, Junior crept upstairs to check his room. He discovered the revolver in the second of the three places that he expected it to be, did his work, and returned the weapon to the nightstand drawer in precisely the position that he had found it. Narrowly avoiding an encounter with Vanadium in the hall, he retreated to the ground floor. After some fussing over the most effective placement, he left the quarter and the luggage-just as Vanadium, the human stump, clumped down the stairs. Junior experienced an unexpected delay when the detective spent half an hour making phone calls from the study, but then Vanadium went into the kitchen, allowing him to slip out of the house and complete his

work..According to the cards, Barty would be rich financially, but also in talent, spirit, intellect. Rich in courage and honor, Maria promised. With a wealth of common sense, good judgment, and luck..On this occasion, however, he couldn't have focused on a book even if he'd had the strength to hold it. The fierce paroxysms that clenched his guts also destroyed his ability to concentrate..From Joey's closet, she extracted an old blue blazer that he seldom wore anymore. The lining was sagging, worn.,Celestina was better equipped to embrace this transcendental experience for what it appeared to be. She was not one of those artists who celebrated chaos and disorder, or who found inspiration in pessimism and despair. Wherever her eyes came to rest, she saw order, purpose, exquisite design, and either the pale flicker or the fierce blaze of a humbling beauty. She perceived the uncanny not merely in old houses where ghosts were said to roam or in eerie experiences like the one Lipscomb had described, but every day in the pattern of a tree's branches, in the rapturous play of a dog with a tennis ball, in the white whirling currents of a snowstorm-in every aspect of the natural world in which insoluble mystery was as fundamental a component as light and darkness, as matter and energy, as time and space..In cases like this, the malignancy is often more advanced in one eye than the other. If the size of the tumor requires it, we remove the eye containing the greatest malignancy, and we treat the remaining eye with radiation."Paul sat by himself, at the far end of the restaurant from them. He ordered orange juice and waffles..How ironic it would be if Celestina, the aunt of Seraphim's bastard boy, proved to be the heart mate for whom Junior had been longing through the past few years of unsatisfying relationships and casual sex. This seemed unlikely, considering the jejune quality of her paintings, but perhaps he could help her to grow and to evolve as an artist. He was an open-minded man, without prejudices, so anything could happen after the child was found and killed..Now, if Victoria reported to Vanadium that Junior had shown up at her door with a red rose and a bottle of Merlot and with romance on his mind, the demented detective would be on his ass again for sure. Vanadium might think that the nurse had misinterpreted the business with the ice spoon, but the intent in this instance would be unmistakable, and the crusading cop-the holy fool-would never give up..Shortly before three o'clock, Thursday afternoon, in a state of agitation, Barty raced into the kitchen, where Agnes was baking buttermilk-raisin pies. Holding Red Planet open to pages 104 and 105, he complained urgently that the library copy was defective. "There's twisty spots in the print, twisty-funny letters, so you can't just exactly read all the words. Can we buy our own copy, go out and buy one right now?".Neddy favored a quick greeting, two curt pumps, but Junior held fast after the handshake was over. He didn't grind the musician's knuckles, nothing so crude, just held on pleasantly but firmly. His intention was to confuse and further rattle the man, taking advantage of his obvious dislike of having his personal space encroached upon, in the hope that Neddy would reveal why he'd been watching Junior so intently from across the room.."I get peed off, and I miss some things terrible. But I'm not sad. And you've got to not be sad, either, 'cause it spoils everything."."The quarter in the sandwich," Nolly said, because that was the first stunt that Simon Magusson had paid him to perform..Kid's room. Bartholomew's room. Furniture in cheerful primary colors. Pooh posters on the wall..In a state of wonderment that was laced with dread rather than delight, he looked up from the quarter, seeking an explanation from Vanadium, expecting to see that anaconda smile..Clutching the red rose in his left hand, the brightly wrapped gift box half crushed in his right, Thomas Vanadium lay at Junior's mercy, with no tricks to perform, no quarter to set dancing across his knuckles.,Mustering all her hostess skills, Agnes gradually turned the conversation from disastrous explosions to Fourth of July fireworks, and then to reminiscences of summer evenings when she, Joey, Edom, and Jacob.Grace knew it, too, because she went limp with misery in his arms, ceased struggling against him.."You can learn em."."Nolly finally disturbed the quiet: "Well, sir ... you're quite a psychologist."."Thanksgiving dinner was a fine affair, and Christmas was even better. On New Year's Eve, Wally downed one drink too many and more than once offered to perform surgery on any member of the family, free of charge "right here, right now," as long as the procedure was within his area of expertise..Prudence required that they strategize as though Enoch Cain were Satan himself, as though every fly and beetle and rat provided eyes and ears for the killer, as though ordinary precautions could never foil him..On the sofa, Celestina finally worked up the courage to dial her parents' number in Spruce Hills..At dawn, he and his mother went down to the sea, to watch the rolling waves filigreed with foam and gilded with the molten gold of morning sun, to see the kiting gulls and to scatter bread that brought the winged multitudes to earth.."No, no. But being around him so much, inevitably I absorb some details. He's a compelling speaker when the subject interests him."."This trick, however, was far more difficult than walking where the rain wasn't. Sustaining vision took both a mental and physical toll from him..He was a pretty good detective, but as regarded the minutiae of daily life, he wasn't as organized as he would like to be. He never remembered to set aside his holey socks for darning; and once he had worn a hat with a bullet hole in it for nearly a year before he'd at last thought to buy a new one..He was having difficulty focusing his attention on the problem at hand. Through his mind, odd and disconnected thoughts rolled like slow, greasy, eye-of-the-hurricane waves on an ominous sea..Neddy cooperated by not deigning to look back. Eventually, he stopped a young man who, judging by the name tag on the lapel of his blazer, was a gallery employee. They put their heads together in conversation, and then the musician headed through an archway into the second showroom..She nodded. And could not lift her gaze from her hands. Could not meet his eyes, afraid that his worry would feed her own, afraid also that the sight of his sympathy would shake loose her perilous grip on her emotions..Beyond the windows, the winter night sifted sootily down through the twinkling city, as he sat in his living room with a glass of Dry Sack in one hand and the picture of Celestina White in the other..Grace, of course, was a strong woman for whom faith was an armor against far worse than embarrassment. Celestina knew that Mom would suffer immeasurably more heartache by remaining in Oregon than what pain she might experience at her daughter's side, but Phimie was too young, too naive, and too frightened to grasp that in this matter, as in all others, her mother was a pillar, not a reed..Snapping the cylinder into place, he rose to his feet. Already he had a new plan, and the cop's revolver was the most important tool that he required to implement it..After the latest concerned nurse departed, Sheena leaned close. She cruelly pinched Junior's cheek between thumb and forefinger, as if she' might tear off a goblet of flesh and pop it into her mouth..Murmuring reassurances, Celestina put a hand on the girl's head and smoothed her brow, her hair, until the sour dream was sweetened by the touch..Angel, busy with a cookie through most of this, licked crumbs from her lips and asked Paul, "Do you have a puppy?".While the horse and then the sheep grazed twelve months each, an H-bomb accidentally fell from a B-52 and was lost in the ocean, off Spain, for two months before being located. Mao Tse-tung launched his Cultural Revolution, killing thirty million people to improve Chinese society. James Meredith, civil rights activist, was wounded by gunfire during a march in Mississippi. In Chicago, Richard Speck murdered eight nurses in a row-house dormitory, and a month later, Charles Whitman limbed a tower at the University of Texas, from which he shot and killed twelve people. Arthritis forced Sandy Koufax, star pitcher for the

Dodgers, to retire. Astronauts Grissom, White, and Chaffee died earthbound, in a flash fire that swept their Apollo spacecraft during a full-scale launch simulation. Among the noted who traded fame for eternity were Walt Disney, Spencer Tracy, saxophonist John Coltrane, writer Carson McCullers, Vivien Leigh, and Jayne Mansfield. Junior bought McCullers's *The Heart Is a Lonely Hunter*, and though he didn't doubt that she was a fine writer, her work proved to be too weird for his taste. During these years, the world was rattled by earthquakes, swept by hurricanes and typhoons, plagued by floods and droughts and politicians, ravaged by disease. And in Vietnam, hostilities were still underway..Out of respect for his mother, Barty struggled to hold fast to his eyeless second sight, living in the idea of a world where he still had vision, until she had been accorded the honors she deserved and had been laid to rest beside his father..might be grumpy and would certainly be torpid, bleary-eyed, and uncommunicative. Angel awake was always fully awake, soaking up color texture-mood, marveling in the baroque detail of Creation, and generally lending support to the apperception--test prediction that she might be an art prodigy..Their story would be that Cain's gun had jammed just as Tom had entered Barty's bedroom. Too cowardly for hand-to-hand combat, the Shamefaced Slayer had fled through the open window. He was loose once more in an unsuspecting world..do further testing, of course, but not until he's been stabilized at least twelve hours. Personally, I don't think we'll find any physical cause. Most likely, this was psychological-acute nervous emesis, caused by severe anxiety, the shock of losing his wife, seeing her die..Maria Elena Gonzalez--such an imposing figure in spite of her diminutive stature that even three names seemed insufficient to identify her--was still present. Although the crisis had passed, she wasn't ready to trust that nurses and doctors, by themselves, could provide Agnes with adequate care..The possibility that he'd left a clear fingerprint on the watch crystal had to be judged remote. And the band had been too textured to take a print useful to the police..Agnes had read the last half of *Red Planet* to Barty just the previous night, but he brought the book with him, to read it again..evening. She brought her daughters, seven-year-old Bonita and six year-old Francesca, who came with their newest Barbie dolls-Color Magic Barbie, the Barbie Beautiful Blues Gift Set, Barbie's friends.What if the stubborn, selfish, greedy, grubbing, vicious, psychotic, evil spirit of Thomas Vanadium, which had earlier pursued Junior through another alleyway in broad daylight, had followed him into this one in the more ghost-friendly hours of the night, and what if that spirit were standing just outside the Dumpster right now, and what if it closed the bifurcated lid and slipped a bolt through the latch rings, and what if Junior were trapped here with the thoroughly strangled corpse of Neddy Gnathic, and what if the flashlight failed when he tried to switch it on again, and then what if in the pitch-blackness he heard Neddy say, "Does anyone have a special request?"A SEVERE THIRST INDICATED to Agnes that she wasn't dead. There would be no thirst in paradise..Junior had expected these singular creatures, and he needed them to be as monstrous as they had always been in the past. Nonetheless, he shrank back against his pillows in dismay when they exploded into the hospital room. Their faces were as fierce as those of painted cannibals coming off a fast. They gestured emphatically, spitting expletives along with tiny bits of lunch dislodged from their teeth by the force of their condemnations..The instant he flipped the coin, he opened both hands--palms up, fingers spread--with a distracting flourish..Most likely, if Victoria was entertaining, the visitor's car would have been parked in the driveway..honor and family. This was life, and everyone lived his life in the shadow of one solemn obligation or another..Two staff members were at the front desk, when last he'd seen them, out of sight now and too far away to hear the crooning. Junior had been waiting at the doors when the library opened, and thus far he'd encountered no other patrons..From the plush pillowy shadows of the bed, Barty said, "Oh, look. Christmas lights."..He planned, as soon as they took him out of his cell, to use the old Changers spell of self-transformation and so escape. Surely his life was in danger, and it would be all right to use the spell? Only he couldn't decide what to turn himself into--a bird, or a wisp of smoke, what would be safest? But while he was thinking about it, Losen's men, used to wizard's tricks, drugged his food and he ceased to think of anything at all. They dumped him into a mule-cart like a sack of oats. When he showed signs of reviving during the journey, one of them bashed him on the head, remarking that he wanted to make sure he got his rest.."-and whenever the good Pharaoh was here in San Francisco, a few times each year, he always stopped by St. Anselmo's to entertain the boys--".Ordinarily, when Celestina was troubled, her art was a perfect sanctuary from all woes. When she was planning, composing, and rendering, time had no meaning for her, and life had no sting..The time had come for him to think more seriously about his situation and his future. Self-improvement remained a laudable goal, but his efforts needed to be more focused..By habit, she shifted her attention to his eyes, because though the scientific types insist that the eyes themselves are incapable of expression, Agnes knew what every poet knows: To see the condition of the hidden heart, you must look first where scientists will not admit to looking at all..The musician had no talent for deception. His hopping-hen eyes pecked at the nearest painting, at other guests, down at the floor, everywhere but directly at Junior, and a nerve twitched in his left cheek. "Well, I'm very good, you know, at faces, they stick with me, I don't know why. Goodness knows, my memory is otherwise shot."..He decided that he must never again kill so impetuously. Never. In fact, he vowed never again to kill at all, except in self-defense. Soon he would be rich--with much to lose if he was caught. Homicide was a marvelous adventure; sadly, however, it was an entertainment that he could no longer afford..This colored person's grave, however, was uphill of Naomi's. Over time, as the body decomposed up there, its juices would mix with the soil. When rain saturated the ground, subsurface drainage would carry those juices steadily downslope, until they seeped into Naomi's grave 'let mingled with her remains. This seemed highly inappropriate to Junior..She held his face in both hands and kissed each of his beautiful jewel eyes. "You ready?"..With the salt and pepper shakers, Tom walked them through the why-I'm-not-sad-about-my-face explanation that he'd given to Angel ten days previously.. "I sure think so. I think she's everything. I tell her she's the moon and stars. I'm probably spoiling her rotten."..Hound smiled. "They haven't undone what you did yet, either," he said. "Old Whiteface was crawling all over her yesterday, growling and muttering. Ordered the helm replaced." He meant Losen's chief mage, a pale man from the North named Gelluk, who was much feared in Havnor.. "Why do you think he's spending his money for all this tricky stuff?" Kathleen wondered, not for the first time..This was not a ghost. This was not a walking dead man. This was something else, but until he knew what it was, who it was, the only person he could possibly look for was Vanadium..He was still her boy. As always, her boy. Bartholomew. Barty. Her sweetie. Her kiddo.. "Take care you don't beat evil into him," said his aunt..This was tedious work and might cot bear fruit. He needed to begin somewhere, however, and the telephone directory was the most logical starting point..The window was French with small panes, so Celestina couldn't simply break the glass and climb out..Carrying the candlestick, he raced to the kitchen at the end of the short hall. The door stood open, but he had to enter the room to see Victoria slumped in one of the two chairs at the small dinette..even allow himself as much as a lascivious wink or a quick caress of Victoria's hand..I believe the universe is sort of like an unimaginably vast musical with an

infinite number of strings." Whereas Paul had been confounded in his desire to express his admiration for Salk, he was able to speak about Perri at length and with ease. Her wit, her heart, her wisdom, her kindness, her beauty, her goodness, her courage were the threads in a narrative tapestry that Paul could have continued weaving for all the rest of his days. Since her death, he hadn't been able to talk about her with anyone he knew, because his friends tended to focus on him, on his suffering, when he wanted them only to understand Perri better, to realize what an exceptional person she had been. He wanted her to be remembered, after he was gone, wanted her grace and her fortitude to be recalled and respected. She was too fine a woman to leave without a ripple in her wake, and the thought that her memory might pass away with Paul himself was anguishing. Grace White was petite, and Paul wasn't. Otherwise he might not have been able to halt her determined rush toward her husband, might not have been able to scoop her off her feet and, carrying her in his arms, spirit her to safety. The sudden change of subject, from the airliner crash to Phimie, confused Celestina. The mummified moon had unwound itself from its rags of embalming clouds. Its pocked face glowered in full brightness on the spreading branches of the pine, on the yard, and on the graveled driveway. "Periodic violent emesis without an apparent cause can be one indication of locomotor ataxia, but you've no other symptoms of it. I wouldn't worry about that unless this happens again." With the determination of any pulp-magazine adventurer, Paul walked in sunshine and in rain. He walked in heat and cold. Wind did not deter him, nor lightning. At the open kitchen door, arms laden with a stack of four bakery boxes, her mother said, "Will you get those last four pies for me there on the table? And don't jostle them, dear." "Mr. Cain, if he bothers you, would you want me to have his choke chain yanked?" He'd never taken too much from any one game. He was a discreet thief, charming his victims with amusing patter. Because he was so ingratiating and seemed only mildly lucky, no one begrudged him his winnings. Soon, he was more flush than he'd ever been as a magician. Of firm but pliable rubber, custom-formed to his disfigured foot, a shoe insert filled the void left by his missing toe. This simple aid ensured that virtually all footwear was comfortable, and by November, Junior walked with no discernible limp. Therefore, after the nasty shooting, as the Bartholomew hunt continued, so did the good life. "Well, the lab could detect abnormally high salt levels, but that wouldn't matter in court. He could say he ate a lot of salty foods." Since he knew where Celestina would be on January 12, there was no point in taking risks to find her sooner. He had plenty of time to prepare for their encounter, time to savor the sweet anticipation. When Junior opened the trunk, he discovered that fishing gear and two wooden carriers full of carpenter's tools left no room for a dead detective. He would be able to make the body fit only if he dismembered it first. Leaving Frieda unconscious and reeking, a condition in which her bralessness had no power to arouse him, Junior left. Forward, under the spreading black branches of the massive tree, receiving continuous green-tongued murmurs of encouragement from the breeze-stirred leaves, Barty was Barty, determined and undaunted. "That was five years ago. After more surgeries than I care to remember, I was left with these." He raised his goblin hands again. "There's pain in humid weather, less when it's dry. I can take care of myself, but I'll never be a card mechanic again ... or a magician." As Wally followed them inside, Celestina grinned at him. "From the car to the living room, all as neat as a well-practiced ballet. We've got a big headstart on this married thing." His previous plan to create a tableau-butter on the floor, open oven door-to portray Victoria's death as an accident was no longer adequate. A new strategy was required.
