As Lipscomb picked up the freshened baby, Grace said, "That was as effective as any minister's wife could've been with an

impossible parishioner-and, oh, do I wish we could sometimes be that pointed." "You think I can turn the King's order down? You want to see me sent to row with the slaves in the galley we're building? Use your head, boy!". During the past three years, he'd suffered much because of these sisters, including most recently the humiliation in the Dumpster with the dead musician, Celestina's pencil-necked friend with a propensity for postmortem licking. The memory of that horror flared so vividly-every grotesque detail condensed into one intense and devastating flash of recollection-that Junior's bladder suddenly felt swollen and full, although he had taken a long satisfying leak in an alleyway across the street from the restaurant at which the postcard-painting poseur had enjoyed a leisurely dinner with Ichabod. Then it would stop. The torment would stop. Surely. His sense of drift, of sliding aimlessly through the days, would lift from him, and he would find purpose once more in determined self-improvement. He would definitely learn French and German. He would take cooking classes and become a culinary master. Karate, too. Junior closed his weary eyes and gratefully submitted as the paramedic wiped his greasy face and his crusted lips with a cool, damp cloth. Junior stood at the window for a long time, not because he was pretending to rest, and not because any of the attending nurses was a looker. He was transfixed, and for awhile he didn't know why. Now came a slight but real risk of being heard inside: He pulled the trigger. The flat steel spring in the lock-release gun caused the pick to jump upward, lodging some of the pins at the shear line. The snap of the hammer against the spring and the click of the pick against the pin tumblers were soft sounds, but anyone near the other side of the door would more likely than not hear them; if she was one room removed, however, the noise would not reach her... "Don't worry," Celestina told him, "after what we've seen this past week, we're still with you." On Christmas Eve, 1996, the family gathered in the middle of the three houses for dinner. The living-room furniture had been moved aside to the walls, and three tables had been set end to end, the length of the room, to accommodate everyone. With effort, she managed to say, "I'm sorry, sweetie," but her voice was sufficiently distorted by anguish that even to herself, she sounded like a stranger. Instead, he was given a small color brochure featuring samples of the artist's work. It also contained the same photograph of her smiling face that graced the window. "Be quiet, sugarpie," she said, crossing the bedroom to the door, which stood only slightly ajar. From the darkness of his room, Barty now spoke the words for which Agnes had been waiting, his whisper soft yet resonant in the quiet house: "Good-night, Daddy." Angel followed him and observed as he climbed a stepstool and unhooked the telephone handset. He dialed with little pause between digits, and spoke with each of his uncles. He felt so happy, he was improving every day in every way, life just got better-but then something happened that was worse than the shooting. It ruined his day, his week, the rest of his year. He ran gasping, praying, feet slapping the concrete sidewalk, frightening birds out of the purple brightness of blossom-laden jacarandas and out of Indian laurels, terrorizing a tree rat into a lightning sprint up the bole of a phoenix palm. The few people he encountered reeled out of his way. Brakes shrieked as he crossed intersections without looking both ways, risking cars and trucks and rhinoceroses. As the heavysset nurse retreated with the baby, Phimie's grip on her sister's hand relaxed, but then grew firm once more as her gaze also became more intense. "Love ... you." At 11:45, on her way to bed, Agnes stopped at Barty's room and found him propped against pillows. The book was not particularly large as books went, but it was big in proportion to the boy; unable to hold it open with his hands alone, he rested his entire left arm across the top of the volume. He had taken refuge in meditation, because he'd been frustrated by his continuing failure in the Bartholomew hunt and disturbed by his apparently paranormal experiences with quarters and with phone calls from the dead. More deeply disturbed than he had realized or had been able to admit. "In addition," Daines said, "her pelvis is small, which would present problems of delivery even in an ordinary pregnancy. And the muscle fibers in the central canal of her cervix, which ought to be softening in anticipation of labor, are still tough. I don't believe the cervix will dilate well enough to facilitate birth." He raised one hand to halt the genteel debate. "The whole reason I stopped here first, before taking you folks on to my place, is so I wouldn't have to bring your suitcases back after Agnes won you over. This is where you'll be happiest, though you're always welcome if she tries to work you to death." A cheer went up from family and friends, and Agnes could only imagine what it must feel like to be Barty, both blind and blessed, his heart as rich in courage as in kindness. Holding the pistol, fully extending his right arm in execution style, the gunman approached the fallen minister. The busboy swept the empty appetizer plates away as the waiter arrived simultaneously with small salads. Fresh martinis followed. Like the chicken egg. As weary as she was, Agnes could not at once puzzle out the meaning of those four words. Then: "Oh. He's in an incubator." On the morning in August that Agnes came home from Dr. Joshua Nunn's office with the results of tests and with a diagnosis of acute myeloblastic leukemia, she asked that everyone pack up and caravan, not to deliver pies, but to visit an amusement park. She wanted to ride the roller coaster, spin on the Tilt-A-Whirl, and mostly watch the children laugh. She intended to store up the memory of Barty's laughter as he had stored up the sight of her face in advance of the surgery to remove his eyes. "Oh? Do they rent their house out to pirates with little pirate children, clowns with little clown children?" Snap, snap, snap! Three more quarters ricocheted off the left side of his face-temple, cheek, jaw. "It was... the only dream that mattered," Joey said. "You ... loving me. It was a good life because of you." He was no longer hopeful that they could have a future together. After sampling the Junior Cain thrill machine, Celestina would want more, as women always did, but the time for a meaningful romance had now passed. For all the anguish he'd been put through, however, he deserved the consolation of her sweet body at least once. A little compensation. Payback. Earlier, after sprinting down the fire road, he had been breathing hard when he reached his Chevy, and by the time that he'd raced to Spruce Hills, the nearest town, he had spiraled down into this strange condition. His driving became so erratic that a black-and-white had tried to pull him over, but by then he was a block from a hospital, and he didn't stop until he got there, taking the entry drive too sharply, jolting across the curb, nearly slamming into a parked car, sliding to a stop in a no-parking zone at the emergency entrance, lurching like a drunkard as he got out of the Chevy, screaming at the cop to get an ambulance. The lawyer's eyes appeared as round as his face. "Aggie, please don't tell me you've started to share Jacob's ... enthusiasms?" "must either change her mind or commit herself to a more difficult and challenging life than any she had envisioned only this morning." "That wasn't gossip," Grace insisted. "I was just telling you that Paul got the swing repaired and rehung." Finally Vanadium said, "According to the lab report, the baby she was carrying was almost certainly yours." Thereafter, he was repelled at the prospect of kissing her, and their relationship fell apart. MONEY FOR THE DEAD. The decomposing flesh of a beloved wife and an unborn baby transmuted into a fortune was an achievement that put to shame the alchemists' dreams of turning lead to gold. Once, he had been a superb driver. For the past decade, his performance behind the wheel depended on his mood. Suddenly, even in the heart of a great city, the alleyway seemed as lonely as an English moor, and not a smart place to seek asylum from a vengeful spirit. Casting aside all pretense of self-control, Junior sprinted for the next street, where the sight of multitudes, swarming

in winter sunshine, filled him not with paranoia or even uneasiness, anymore, but with an unprecedented feeling of brotherhood..First he tore two paper towels from a wall-mounted dispenser and held one in each hand, as makeshift gloves. He was determined to leave no fingerprints.. "You better wise up, you tree-humping nitwit," Rudy advised Junior, grabbing the bed railing as if he might tear it off and use it to club his son-in-law senseless..Of all the kindnesses that we can do for one another, the most precious of all gifts-time-is not ours to give. Bearing this in mind, Agnes did her best to guide her extended family through its grieving for Harrison and for Jacob, into happier days. Respect must be paid, precious memories nurtured, but life also must go on..For her, the suspense that grew throughout dinner didn't have much to do with whether or not Wally would pop the question, because if he didn't broach the subject this time, she intended to take the initiative. Instead, Celestina was more tense about whether or not Wally expected that a heartfelt expression of commitment should be sufficient to induce her to sleep with him..Yet, with no recollection of rising from his chair, he found that he had shouldered his backpack and crossed the room. The three men looked up expectantly..The owner's attitude softened somewhat with Junior's reference to the quarter, and softened even further when together they returned to the counter to see the proof in the cheese. He went from righteous anger to abject apology..Considering the protection that it would afford him in a world full of warmongers, Junior considered the loss of the toe, while tragic, to be a necessary disfigurement. To his doctors and nurses, he made jokes about dismemberment, and in general he put on a brave face, for which he knew he was much admired.. "But I had greater facility with cards than most magicians. I trained with Moses Moon, greatest card mechanic of his generation..".If Junior had not been such a rational man, schooled in logic and reason by the books of Caesar Zedd, he might have snapped there in the street, before the photograph of Seraphim, might have begun to shake and sob and babble until he wound up in a psychiatric ward. But although his trembling knees felt no more supportive than aspic, they didn't dissolve under him. He couldn't breathe for a minute, and his vision darkened at the periphery, and the noise of passing traffic suddenly sounded like the agonized shrieks of people tortured beyond endurance, but he held fast to his wits long enough to realize that the name under the photo, which served as the centerpiece of a poster, read Celestina White in four-inch letters, not Seraphim.. "Really, Angel," Barty said with genuine concern, "it might be scary. I got another one we could listen to, if you want..".As though Amelia Earhart, the long-lost aviatrix, had reached out of her twilight zone and snared the two bits, no tumbling coin glinted in the air above the desk.. "Maybe," said Angel. "Or maybe to The Monkees ... or maybe to where you didn't get run down by the rhinosharush..".Furthermore, fear of the unknown is a weakness also because it humbles us. Humility, Caesar Zedd declares, is strictly for losers. For the purpose of social and financial advancement, we must pretend to be humble-shuffle our feet and duck our heads and make self-deprecating remarks-because deceit is the currency of civilization. But if ever we wallow in genuine humility, we will be no different from the mass of humanity, which Zedd calls "a sentimental sludge in love with failure and the prospect of its own doom..".Junior was aware that all the cops were watching him as he stared down at the body, and he frantically tried to think what an innocent husband would be likely to do or say, but his imagination failed him. His thoughts could not be organized..From his first birthday to his third, Barty made worthless all the child-care and child-development books that a first-time mother relied on to know what to expect of her offspring, and when. Barty grew and coped and learned according to his own clock.. "Can't change your own form, even seemingly?..".Lined up on the kitchen table were green-grape-and-apple pies. The thick domed crusts, with their deeply fluted edges, were the coppery gold of precious coins..Regrettably, he had no choice but to conclude that she hadn't made up her mind whether to keep the baby or to seek out an illegal abortion without Junior's approval. She had been thinking about scraping his child out of her womb without even telling him..The two men detached and rolled up the pleated green skirt that hung from the rectangular frame of the graveyard winch on which the casket was suspended. Green, rather than black, because Naomi loved nature: Junior had been thoughtful about the details of the service..The artist, six feet four and two hundred fifty pounds, looked markedly more dangerous in person than in his scary publicity photo. Still in his twenties, he had white hair that fell limp and straight to his shoulders. Dead-white skin. His deep-set eyes, as silver-gray as rain with an albino-pink undertone, had a predatory glint as chilling as that in the eyes of a panther. Terrible scars slashed his face, and red hash marks covered his big hands, as though he'd frequently defended himself barehanded against men armed with swords..Shadows still perched throughout most of the room. They no longer reminded her of roosting birds, but of a featherless flock, leathery of wing and red of eye, with a taste for unspeakable feasts..Dear Lord, how she loved her sugarpie, her little M&M. Three years had passed in what seemed like a month, and although there had been stress and struggle, too few hours in every day, less time for her art than she would have liked, and little or no time for herself, she wouldn't have traded being blindsided by motherhood for any amount of wealth, not for anything in the world ... except to have Phimie back. Angel was the moon, the sun, the stars, and all the comets streaking through infinite galaxies: an ever-shining light.
